

# Evaluation Kit

- Up to 1 mile range through obstructions and 50+ miles line-of-sight
- Patented bunker busting technology, using 900 MHz
- Works inside metal enclosures
- Proprietary PCB antenna design
- FCC (USA) and IC (Canada) certified

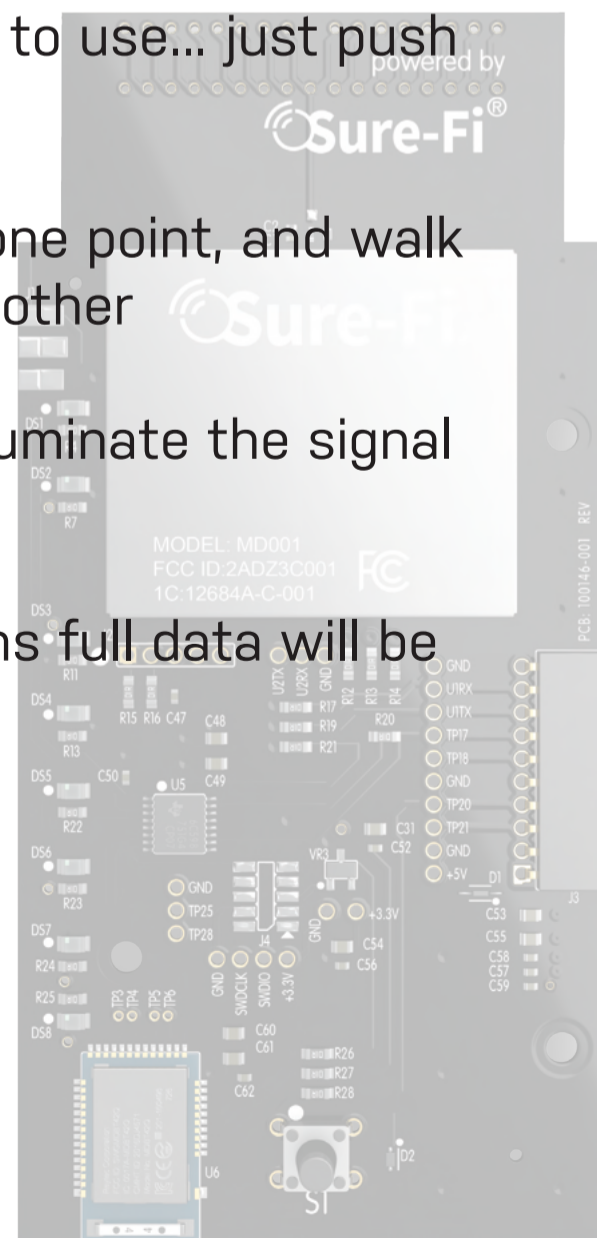

## Test the Performance of the Sure-Fi Radio

Simple and easy to use... just push the Test Button

Put one unit at one point, and walk around with the other

Blue LEDs will illuminate the signal strength

Even 1 LED means full data will be transmitted
